REISSUE APPLICATION DECLARATION UNDER 37 C.F.R. § 1.175 AND
POWER OF ATTORNEY BY INVENTORS

Assistant Commissioner for Patents
 Washington, D.C. 20231

Dear Sir:

I, the undersigned inventor, hereby declare that:

1. My residence, Post Office address and citizenship are stated below next to my name.

2. I believe that I am the original, first and sole inventor of the subject matter described and claimed in U.S. Patent No. 6,044,983 (hereinafter "the '983 patent"), issued April 4, 2000, and of the subject matter disclosed and claimed in the accompanying reissue application and preliminary amendment.

3. I have reviewed and understand the contents of the specification (including the claims) of the accompanying reissue application and preliminary amendment.

4. I acknowledge the duty to disclose to the United States Patent and Trademark Office all information known to me to be material to patentability as defined in Title 37, Code of Federal Regulations, § 1.56.

0024360 65224360

5. I believe that the '983 patent is partially inoperable because it claims less than I had a right to claim. Specifically, the insufficiency in the claims resides in the failure to present claims directed to a rack comprising a support assembly having a forward portion and a rearward portion and being configured to support a plurality of beverage containers, a first pair of support legs having lower ends connected to the forward portion and a second pair of support legs having lower ends connected to the rearward portion, each of the first and second pairs of support legs having upper ends configured to hang the rack from a shelf disposed above the rack, wherein the first and second pairs of support legs are sized such that the forward portion hangs lower than the rearward portion when the rack is hanging, by the upper ends of the first and second pairs of the support legs, from a horizontal shelf. At least one of the new claims presented in the reissue application is directed to this feature, while the original claims of the '983 patent are not. No original claim has a scope equal to that defined by reissue Claims 20-48.

6. All errors being corrected in the present reissue application and the accompanying preliminary amendment, up to the present time, arose without any deceptive intention on my part.

7. I hereby appoint the registrants of Knobbe, Martens, Olson & Bear, LLP, 620 Newport Center Drive, Sixteenth Floor, Newport Beach, California, 92660, Telephone (949) 760-0404, **Customer No. 20,995**, to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith and I acknowledge that the appointed individuals do not represent me, and that instead they represent the assignee.

8. I have read and understand the foregoing statements of this Declaration. I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful, false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of

Reissue of Patent No.: 6,044,983

the United States Code and that such willful, false statements may jeopardize the validity of the application or patent issuing information.
